- ✓ Idea generator
- ✓ Coding genius
- ✓ A shoulder to cry on

PROCESS FLOW OVERVIEW

Keeping things simple

PROS & CONS FROM PROCESS

Pros

- + Easy program for ultra-beginners
- + Easy database for not-so-into-programming people
- + Lots of new information
- + Maybe sometimes in the future one of us has a chance be a programmer
- + Teamwork – can discuss things with your teammate

Cons

- Really hard week to find time for this
- Small burnout
- Things are not working as they should
- Still not sure if it is enough to not get expelled from SDA

WHAT TO DO NEXT?

Improve...

- ✓ Make more options to database
- ✓ Make the code better
- ✓ Deal with missing parts
- ✓ Make options to sort the list
- ✓ Clean the code from comments
